## ● ABOUT ME

---

Python Backend Developer with 5 years of experience building scalable backend services, APIs, and internal automation tools. Skilled in designing clean and reliable systems using Python, FastAPI, and Docker. Strong collaborator with frontend teams, focused on clean architecture and performance. Currently exploring cloud-native deployments and integrations.

## ● WORK EXPERIENCE

---

**PYTHON SOFTWARE DEVELOPER – ALIGN TECHNOLOGY** – 2021 – 01/09/2025 – ISRAEL

---

**Skills:** Python, Vue.js, MongoDB, AWS basic, FastAPI, Playwright, C#, PostgreSQL, Redis, RabbitMQ

- Developed backend/frontend service and integration between outsource application.
- Created robust test scripts to validate sensitive data flows across distributed systems, replaced fragile UI tests with direct API validation logic.
- Ensured system stability while collaborating remotely.
- Designed and maintained RESTful APIs consumed by frontend teams, ensuring high performance and smooth integration

## ● PREVIOUS WORK EXPERIENCE

---

2017 – 2021

**Align Technology - Software QA Manual Engineer**

---

Performed manual testing on desktop and web applications, defining acceptance criteria and leading QA for major releases. My experience includes regression, functional, UX, UI, E2E, and FRT testing. I collaborated in Agile/Scrum teams and maintained testing documentation.

Developed Automation Test's and transfer manual tests to Automation(Web (API + Playwright + Hardware (C# + Python + Win Driver)). Developed Python scripts and internal UI tools to automate workflows, reducing manual work time.

## ● SKILLS

---

### Development & Testing

PostgreSQL | Python | C# | JavaScript | Vue.js | Front-End & Back-End Development (in house applications) | Playwright | Git | WinAppDriver | FastAPI | Api Development | MongoDB | Node.js | RabbitMQ | Postman | Redis | Allure Reporting | SQL | Databases (MongoDB, PostgreSQL, MySQL Server)

### DevOps & Collaboration Tools

AWS CloudBees | Git & Bitbucket | Docker | GoogleCloudPlatform services | Atlassian stack (Jira, Confluence, ...)

## ● LANGUAGE SKILLS

---

Mother tongue(s): **RUSSIAN** | **HEBREW**

Other language(s): **UKRAINIAN** | **ENGLISH**

## ● EDUCATION AND TRAINING

---

Ashdod, Israel

**ORT ELECTRONIC AND COMPUTER SCIENCE HIGH SCHOOL DIPLOMA**

---
